

# Pupil Voice Quotes

*History is important because we need to learn about what happened in the past so we know what's been around before us and the people that might have been around before us.*

*History helps us to learn more and understand about our world. It's fun to learn about.*

*Year 3 - In the stone age, they moved around and migrated - they had to do this because they had to hunt for their food, it wasn't like it is today. Their main resource was stone to make things. They made fire using fire and sticks, which we still do today.*
